

# ST. XAVIER'S SCHOOL, NEVTA

Date :20.07.2022

## NOTICE

Dear Parents & Students (Class 9<sup>th</sup> to 12<sup>th</sup>)

Our School is proud to introduce our collaboration with the National Anveshika Network of India (NANI) to promote the experimental skill and aptitude related to the field of Science(Physics). We would like to encourage all the students who are interested in developing the experimental skills to register for the test.

Kindly visit the website <https://naest.shiksha-sopan.org/> for the process of registration for National Anveshika Experimental Skill Test (NAEST)-2022

**Last date for registration is 29<sup>th</sup> July , 2022.**

### **NAEST FEATURES:**

- National Anveshika Experimental Skill Test (NAEST) is a unique test in India which is held every year to promote joyful learning in physics.
- NAEST assesses and nurtures keen observational skills, analytical skills and experimental skills of a physics student.
- It embodies the principles of NEP 2020 - joyful learning, learning to learn, experiential learning and competency-based assessment.
- It is organised by National Anveshika Network of India (NANI) in association with Shiksha Sopan, under the umbrella of IAPT. Padma Shri Dr H.C.Verma (ex Professor, IIT Kanpur) heads a committed team of Educators and Anveshika coordinators which executes the whole planning and implementation process. The evaluation panel comprises of the committed Physics educators.
- Entire process is entirely free of cost and you are never asked to pay anything now or in future.

Further queries may be addressed to **Ms. Anuja Agarwal (9414073295).**

Thank You

Fr. Sangeeth Raj SJ  
Principal
